- Erra also has monster waves in their oceans
- The federation populations comprises 103 billion people on worlds within a radius of many light years, who live completely in peace

China

- China referred to as the 'yellow danger'
- Mao was a murderer who incited a revolution responsible for the deaths of 40 million people
- Mao ordered the corpses be cooked and eaten by the people due to the famine that arose at the time of the revolution and counter-revolution
- Mass executions took place simply when a person uttered an evil word against Mao
- Friends therefore betrayed friends, children their parents and parents their children, whereby the betrayed then legally shot or beaten to death, exploited, cooked and were eaten

Climate Change

- Caused by humanity which will bring great disaster upon the earth and its people
- Due to shortages of drinking water the authorities will consider rationing
- Energy demands increase due to electric vehicles that over-strain the available energy supply which cannot be met by adding wind turbines or solar panels
- Climate protestors do not understand that over 9.2 billion human beings produce enormous amounts of CO₂ through their breath polluting the world
- Monsoons will become tremendously stronger in the future due to climate change and cause many deaths
- Climate change is 'changing' all life forms on earth in some way which is not been recognized by 'clever' scientists
- Demonstrations begin anew including criminal activity, which puts the world in turmoil by the environmental protection freaks, mainly young people, who have no life experience, but strong opinions, as well as older folks, who are not better off which brings "Fridays for Future" back into conversation
- Renewed interest in sex results in unplanned pregnancies through prostitution, rape, or carelessness, including wealthy men who satisfy their lust without regard for getting women pregnant

Corona Virus

- The epidemic, seems to be subsiding, in reality is mutating very rapidly and has already claimed over 1.3 million lives worldwide this year, and will continue for some time to claim many victims
- Will be forgotten in time however continues to demand victims
- Corona plague and its mutations pose a real danger, which has cost over 8 million human lives
- Continue to protect yourself using FFP2 respirators if in close contact with people who are not in your immediate circle
- Suffering will continue from long-term corona virus effects, from which many human beings are already dying which the medical profession do not understand
- The long-term corona ailments, which doctors are unable to trace back to the corona plague, have over 400 manifestations
- The plague has already claimed 8.37 million lives worldwide during the period since 2019 to date
- The corona has settled down a bit however at FIGU (*feegu*) they continue to wear FFP2-respirators when going abroad as recommended by the Plejaren

EU

- The EU dictatorship will unleash new sanctions against Russia by the end of August, without asking the individual member states nor their populations if this is alright
- The EU dictatorship are not thinking for themselves otherwise they would realize they are being deceived and exploited by the USA whose goal is world domination

Neutrality

- Neutrality enables and justifies peaceful military cooperation working together with foreign military powers

Spiritual Teachings

- The teaching learned in Europe, Australia, New Zealand, China, Canada, America, Russia and in Asia, have helped and continues to help many human beings to be themselves and feel free within themselves
- Folks learn of FIGU (*feegu*) and the teaching through relatives, acquaintances, friends or through the website
- Unfortunately, only a few human beings on Earth trust in the truth and benefit from it
- The spiritual teaching are now correctly call ‹*Doctrine of Truth, Doctrine of Creation Energy, Doctrine of Life*›

Health

- Nature can provide a great many remedies for illnesses and pain, which can be used successfully as common medicine
- The 'willow bark', which depending on the metabolism of the human beings can work wonders, such as against pain and even migraine
- Willow bark is available in capsule form, and it is also the main ingredient of aspirin, which has other effects besides relieving pain, such as reducing fever, thinning the blood and getting rid of migraine pain
- Three other arthritis related natural remedies include devil's claw, frankincense (Boswellia) and VegAstin
- Natural astaxanthin (AST) is an algae extract that also contains beta-carotene, lutein and canthaxanthin
- If a woman is pregnant and drinks alcohol or taking drugs, etc., this habit/addiction passes to the life growing up in the womb
- Depending on what the mother consumes during pregnancy changes the amniotic fluid in the womb and influences food preferences of the child such as a fondness for sweet or sour after a certain age

Mankind

- 83% of forest fires are man-made resulting from carelessness, negligence, deliberate arson or recklessness
- Politicians should not be allowed to hold office for more than 1 year which would prevent criminal decisions such as what is happening in Switzerland
- In today's age many categorize people as either a friend or foe, but not an equal fellow human being, whose lives and existence are to be respected
- In this regard non-friends are enemies to be wiped out and destroyed through revenge, the death penalty, manslaughter, war or murder
- Man should not harbor and cultivate prejudices against his fellow human beings, but should always strive to find out the truth and thus accept and treat them as human beings
- The slave trade involved both American and Swiss slave owners
- African slaves were loaded onto ships but when heavy seas were encountered the slaves would be discarded overboard and sacrificed still attached to their heavy chains

Religion

- All religious stories have been misunderstood or deliberately falsified since ancient times which is not believed by Christians, Muslims, Jews nor other religious believers and their sects
- Since ancient times religious documents were written by believers who misinterpreted or deliberately falsified the instructors message hundreds of years after they died, including Christianity, Judaism and Islam
- Religious doctrine and stories were deliberately falsified to keep individual or masses of human beings in religious faith, to keep them in line with racism, slavery and financial dependence and exploitation
- Many earthlings arrogantly believe they are alone in the universe, and deny other life exists such as evidence of UFO
- Earthlings overwhelmingly prefer to believe in an imaginary god and so there is little chance for improvement
- Religious believers have been manipulating earth people since ancient times, by indoctrinating the unstable and gullible
- Everything is aimed at making the earthlings believe that one God is above all, because a believing person does not think for themselves
- Of all religions, the Christian Son of God, given the name Jesus Christ, who in reality was Immanuel, never taught the nonsense of today

USA

- America conquers the world through war
- Various states are friendly to America, in the EU, primarily Germany and France and others, whose state officials do not fantasize they are being exploited by the USA
- The USA and Germany financially sustain the war in Ukraine but German people suffer greatly due to the added higher cost of living, become poor, suffer hunger and misery, but remain silent and do not complain as the state leaders do not care as they only look out for themselves living in luxury thanks to their high salaries
- Racial hatred flourishes in America as demonstrated by the Klu Klux Klan who remain active today
- Americans will one day suffer from unjust laws, skewed towards racial hatred such as the Ku Klux Klan
- America wants to degrade Russia as an independent state, invoke its ruin and then dominate
- If America can make world domination a reality, it will have to live and suffer for its crimes
- The German Foreign Minister Baerbock has lost all sense become pro-America
- In the near future America will antagonize China by taking sides with Taiwan
- American arms deliveries to Taiwan, which have been planned for a long time, are carried out similar to the weapons deliveries to Ukraine and include secretly active mercenaries, initiated with Pelosi's visit to Taiwan, which increases the risk of another world war

USA (continued)

- A member of the American government does not think the whole thing is correct and will make the matter public
- Iraq was attacked through lies of President Bush and later by his war criminal son, which caused a once flourishing Iraq to sink into ongoing and further anarchy and chaos
- America will one day disappear from the map as a state of the USA but not likely until the distant future
- America's downfall as a state of the USA will be inevitable; it will not be defeated from the outside, but will destroy itself from within
- America has more internal enemies than can be imagined, who are doing a lot to ensure that its end will come, even if it will take a long time
- The German descendant President Trump, unconsciously, has kept alive the coming demise of America as a state and will inevitably become reality in the distant future
- One day the still secret opposition will suddenly reveal its intentions and tens of thousands – as has already happened with Trump –will take to the streets and become violently active, overthrow the government and put an end to the madness of US hegemony and its own state
- America's first president was a murderer who shot a peace negotiator carrying a white flag for no reason, such is America's long history of violence and murder

USA (continued)

- The USA state structure is illusory as it isolates itself from its own people and from the rest of the world through its 'internal security' and mistrusts everything and everyone and denies everyone true justice
- America has always had presidents and lackeys around them, who carry out orders to commit murders and wage wars, secretly causing mischief and extinguish human lives without conscience
- Religious sects in America are created some of which cult members do not shy away from sexual abuse of daughters or other child abuse – as in the case of Catholic 'dignitaries'
- America believes it is the ruler of the world, but this pseudo-empire will one day crumble, because its isolates itself from the rest of the world, even if this is not recognizable by many people, is the beginning of its downfall

War in Ukraine

- Reports of many buried bodies found in a forest, allegedly massacred by Russians, had Christian wooden crosses on the graves but why would the enemy bother to honor their victims with crosses?
- This is American's war financed by America, not Ukraine's war
- America spends billions of dollars to equip Zelensky with weapons and secretly participating in the war itself
- This war would not have been possible if weapons had not been supplied to Ukraine
- Many NATO states partisanship, deceitfully acquired by the USA, supply weapons to Ukraine causing unparalleled crime against humanity, such as has never happened before on Earth, outranking the NAZI regime
- The USA makes sure only war crimes and misdeeds of the Russian fighters are made public to glorify the Ukrainian Army who none-the-less commit atrocities to their own people
- Zelensky is a stooge of the USA
- The USA is sending hundreds of millions and even billions of dollars to supply weapons to Ukraine, and the American people have no say, will have to pay for it through taxation
- State populations will be burdened with new types of taxation; withholding tax, turnover tax, profit tax, etc., in order to pay for the debts incurred by the ongoing supply of weapons and money to Zelensky

War in Ukraine (continued)

- The war-reports are filled with lies spread in favour of Ukraine, which effectively steers the population into believing Russia is the enemy
- Although Russia is reported to be shelling the Zaporizhzhia nuclear power plant, it is actually the Ukrainian army causing the destruction as Russia has been in control of the facility for a long time
- America takes advantage of its stupid NATO supporters and secretly incites them against Russia helping to achieve their goal for world domination
- Both sides are doing wrong, because war, torture, murder and manslaughter do not solve any problem but rather made matters worse
- Russia is to be forced down, which has been the ambition of America for centuries by the dark government, is now realized through America and the European Union
- All states supplying arms and providing finance for warfare are guilty of a world war due to their irresponsible supply weapons which has never before occurred on Earth
- The whole thing leads to other states waging evil attacks and wars with neighboring states, placing the world in further turmoil
- People do not dare to contradict Zelensky, who is able to imprison any dissenters who would threaten his agenda, making him an absolute dictator

War in Ukraine (continued)

- America is using Zelensky and will drop him once he has served their bidding
- The attacks against Putin are not justified because he is NOT the sole culprit, as Putin receives instructions and advice from the “Duma” and must act accordingly
- Due to the American propaganda the Russian people will turn against their leaders, and many will flee the country however they will face punishment of desertion if caught

Beliefs

- Not thinking is what is generally referred to as stupidity
- It is not an insult if a person is told they are stupid, because it means they do not think, and only respond superficially according to their senses
- People of faith, have the wrong opinion of the truth because they value their faith above all and unable to think for themselves

Black Holes

- Swallow countless suns and planets becoming more energized until it overloads and explodes, which then creates a gamma-ray burst
- The newly formed matter creates new stars, suns and planets over the course of billions of years

FIGU (*feegu*) High Council

- Amendments to the Articles of Association required because the guidelines are broken and not adhered to rationally and sensibly
- Management of FIGU (*feegu*) must never be hierarchical
- Decisions requires 3/4 of the Core Group members by unanimous consensus
- Debate on voting points are to be presented in a neutral manner
- Voted on items should not be pre-published prior to the meeting to prevent advance partisanship, undo influence and bias which prevent independent thinking

Forest Harvesting

- 'Forests' are incorrectly referred to as 'renewable energy' because the trees that are cut down do not automatically regrow, but must be replanted
- Long excerpt on forest harvesting practices and tree rotation cycles from <https://www.wald-prinz.de/>
- Includes a table of the most important tree species listing the years they grow, maximum age, and mature tree height

Government Secrets

- Governments activity keep top-secret information from the general public
- However the people should be informed about everything that the state does otherwise the leaders of the state can act uncontrollably as the holders of power and do as they please
- Secret services must not exist in a free world under any circumstances, because they act illegally and promote irresponsible discord, spying, murder and destruction
- Keeping 'secrets' from the people is only possible in a world which lacks freedom, abounds in discord, religious delusion and everything that causes war, persecution, revenge, criminality, envy, selfishness, misery and hardship, as well as psychological and physical harm

Invasive Plants

- Invasive plants enrich nature, so many plants of the traditional invasive species are not harmful contrary to popular opinion
- There are very few species that behave aggressively in nature against other native plants
- Fighting invasive flora and fauna is not natural and should not be combated, because everything changes naturally over time and can take thousands or millions of years
- Normally nature regulates the introduction of invasive species in such a way that everything proceeds peacefully and adaptively and the invasive species will either proliferate or be displaced

Nokodemion Line

- 25 million years ago a lunar structure finds its way into this universe and the Earth through a natural dimensional gate
- When the new lunar structure entered earth's orbit it pushed away the existing 1,000 km diameter moon which moved towards Jupiter and was caught by its gravitational pull
- A group of explorers followed the new lunar formation to the Earth and has since been repeatedly visited by Plejaren descendants
- Earth visitors took many life-forms and other goods with them to 'Minator', renamed Erra, about 52,000 years ago when peace spread throughout the Plejaren world
- Erra means 'soil' and 'earth'
- A distant descendant of Nokodemion first came to the Earth about 280,000 years ago and decided that the Teaching of Truth, Teaching of Creation-energy, Teaching of Life, should be brought into this universe, this dimension of Creation and to the Earth
- At the Arahata Athersata level, energies of Nokodemion could be born on Earth, which first happened about 14,000 years ago, and included Enoch, Elijah, Isaiah, Jeremiah, Immanuel, Muhammed and Billy

Roswell

- The UFO was a very flat and plate-shaped object
- It crashed over Tikaboo Peak and was severely damaged but remained intact as explained by Brigadier General Roger Ramey to Sfath and Billy
- Ramey became frightened when Sfath and Billy suddenly materialized in front of him
- The flying object and living bodies of the crew were transported by the military, immediately, to the secret and secured Homey Airport (note Billy: Area 51) in the Nellis Air Force Restricted Area

Spanish Flu

- Claimed 70-million lives
- The Spanish flu epidemic, arose from a traditional bird flu, originated in Kansas in the USA when wild birds infected domestic ducks and chickens and then human beings which then spread to Europe

The Spirit

- Immanuel never used the term 'spirit' as he only spoke of 'creative power'
- The word 'spirit' was invented later and falsely adopted in a religious context
- The word 'spirit' is falsely derived from the Indo-Germanic language and has been spread all over the world, namely from the term 'gheis', which means 'seized, excited, horrified, shuddering, frightened and upset'

Vaccines

- In the future various vaccines are primarily swindles and money-making for pharmaceutical companies, which are otherwise worthless and ineffective
- Do not trust in vaccines if it has not been proven for many years that they are actually effective
