Jmmanuel

- The Romans religion of polytheistic universalism was the reason the Romans were able to spread their empire over the then known world
- Hostility towards Jews has its roots from the Christian faith planted by early Christians who blamed Jews for the crucifixion of Jmmanuel which lead to the Jews being called “God Killers” and the hatred persists to this day although not a single Jewish person was involved in the crucifixion
- Jmmanuel taught the 'Teaching of the Truth, Teaching of the Creation-energy, Teaching of the Life' which was destructive to the Romans and therefore Jmmanuel was considered an enemy of the state
- It was the Romans who truthfully executed Jmmanuel because he railed against their religion, the faith of 'polytheistic universalism'
- Everything from the very beginning was nothing but an evil invention of the early Christians, who freely invented everything and attributed it to the Jews

USA

- The denial and distortion of the truth is the profession of the USA
- The USA only wants combat and war and secretly invent new weapons and test them in special places, in which the secret services of the USA are decisively involved
- The American public knows nothing about this, because everything is kept secret that nothing becomes known
- NATO is secretly directed by America and has strengthened its presence on the eastern borders of Poland as well as in the Baltic States on the borders with Russia
- A cornerstone of US foreign and military policy, is that when another country stations its military forces near a existing US base, it is immediately interpreted as a violation of their 'state security' and considered hostility and grounds for war yet this is what the US is doing on Russia's door-step
- The USA's whole attitude towards Russia has always remained hostile since time immemorial because Russia has always displayed strength that America itself has never achieved and still cannot muster today
